For students participating in the TIDES Explorer program, your passport to the underwater world begins with SSI Open Water Scuba Diver Certification. This class introduces you to the sport of scuba diving.

As an Ocean First dive graduate, you are instilled with the knowledge and skills necessary to be safe, responsible, and conscientious divers. In the Open Water Scuba course, you will acquire and refine all the skills necessary to ensure proper diving techniques.

In addition to providing a complete SCUBA educational program, we include a course on Ocean Literacy to create a greater accountability and awareness in our students.

Program Cost: $999/ student
